

Welcome back!

To ensure we are Covid19 secure and to help you understand the part you play in helping us maintain a safe place for everyone, we have the following rules in place:

One-Way System

Please follow the floor markings and keep at least 2m apart from others outside of your household. The tables and chairs have been placed to adhere to social distancing guidelines-**please refrain from moving them.**

Table Reservations Only

Please call or book online in advance but if you are already here, please check with one of the team to see if we have any tables available. Outside tables are on a first come, first served basis. Maximum number of guests to a table is 6 (from the same household).

Table Service

Please stay seated at your table as much as possible and refrain from coming to the bar. Whether you are inside or outside, we will take your order at the table & bring your food and drinks to you, so you can sit back and enjoy your visit. All guests must be seated-it is not permitted to be standing anywhere on the premises.

Outside Space

When outside on our premises, you must also be seated and can continue to meet up in groups of up to 6 people from different households, providing you maintain social distancing guidelines of keeping 2m apart.

Washrooms

We are operating a one in, one out system. The main door to each washroom has been fitted with a lock to show whether the washroom is vacant or engaged. Please ensure you lock the door on entering and sanitise your hands both before and after visiting the washroom.

Wash/Sanitise Your Hands

Hand sanitisers are available for you to regularly sanitise your hands. They are located at the front and rear doors and at the entrance to the washrooms.

Card Payments

We are only accepting card payments at this time.

Families Welcome

We respectfully remind customers with children that they are responsible for supervising them at all times and should follow social distancing guidelines.

Cleanliness Policy

There are extra cleaning standards in place including regular sanitising of touchpoints, tables and chairs. The washrooms will be cleaned and sanitised every 30 minutes.

NHS Track & Trace

As part of the NHS Track & Trace service, we must take contact details from all of our guests and retain them for 21 days. These details will be forwarded onto the NHS if requested.

Thank you for your cooperation and continued support and we hope you enjoy your visit.
